6060 N. Broadway  
Denver, CO 80216

RE: reference for SGM, Glenwood Springs, CO

Mr. Olson:

The Colorado Department of Corrections has had an on-going professional relationship with the staff of the Glenwood Springs office of Schmueser, Gordon, Meyer surveying group since 2008. Our experience has been that they provide outstanding professional and extremely timely services at reasonable professional rates. They have done extremely detailed surveying (dam monumentation surveys and annual reports) as well as more traditional forms of surveying (property, improvements, topographic, etc.). They problem solve client needs, working within budget limitations and time constraints, and, in our experience, have never requested additional compensation for any defined scope of services. They understand client requirements of progress submittals and readily incorporate client requests, when and where appropriate.

In our opinion, any state agency would be well-served giving careful consideration to their qualifications.

If you would care to contact me for a more in-depth reference, please feel free to do so (direct line: 719/226-4124).

Cordially,

John W. Gillogley  
*Special Projects Manager/FMS*
