To Whom It May Concern:

The City of Glenwood Springs has contracted with Schmueser Gordon Meyer, Inc. on a number of utility and road projects over the past fifteen years. They have always performed admirably in the position of design engineer, as well as when performing construction administration and observation services. We would not have any apprehension in recommending either the design services or the construction administration services of Schmueser Gordon Meyer, Inc. We feel they are a professional, well qualified, firm that is able to successfully meet the technical and budgetary requirements of most civil engineering projects.

Sincerely,

Steven P. Vanderleest, P.E.
