Gentlemen:

The Board of Directors of both Silt Water Conservancy District and Farmer's Irrigation Company want to express our appreciation for the great job you did in designing, organizing and managing the replacement of siphon #1 on the Grass Valley Canal.

A special "thank you" to Ryan Loebach, Dan Cokley, Bill Swigert and John Boulden for the expert job they did in engineering and designing this project and to Dave Shepard for his cooperation and patience during the construction and submittal of weekly progress reports he did on the on site construction observations and inspections.

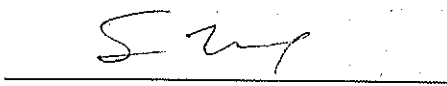

To Cheryl Fiscus in the drafting department, "thank you". And, we can't forget the gals who produced the copies, print drawings, manuals, etc.

Schmueser Gordon Meyer, Inc. did a wonderful job and we will not hesitate to recommend you for any future projects.

Best regards,

Scot Dodero, President  
Silt Water Conservancy District

  
Sean Mello, President  
Farmer's Irrigation Company
